

CSfC Selections for WLAN Clients

Wireless LAN Client products used in CSfC solutions shall be validated by NIAP/CCEVS or CCRA partnering schemes as complying with the current requirements of NIAP's Protection Profile for Wireless Local Area Network (WLAN) Clients. This validated compliance shall include the selectable requirements contained in this document.

CSfC selections for Wireless LAN Client evaluations:

At this time, the CSfC Program does not require any selectable requirements for Wireless LAN Clients.
